

WU & ASSOCIATES RECEIVES PRESTIGIOUS “SUPPLIER OF THE YEAR” AWARD

Wu & Associates was recently named “Supplier of the Year” at the Minority Supplier Development Council Choice Awards gala in Philadelphia, on the evening of December 6th, 2013. The firm received this coveted regional award within the Tier II supplier class, for exceeding the performance expectations of the Council, whose primary objective is to provide a direct link between corporate America and minority owned businesses.

Presented to suppliers who go above and beyond the expectations of clients, the council, and other minority owned businesses, this award is a significant achievement. Among thousands of members, Wu & Associates is privileged to have been one of only four chosen for such an esteemed acknowledgement. In his acceptance speech, the company president Kirby Wu graciously thanked both the council and his own staff members for their continued dedication and commitment to the company’s success. Without them, he noted, this year’s growth would have never been possible.

Offering design-build and general construction services on a national scale, Wu & Associates is proud to receive recognition and support from our clients, fellow diverse suppliers, and the business community at large. Founded in 1990 on the principles of hard work and superior service, and we are excited to continue that legacy into the coming year, providing an excellent product to each and every client. Passion for quality is a trait that separates Wu & Associates from other businesses, and it is one that the company strives to constantly uphold.
